Passport photo processor

You can find our passport photo processing application here: <https://photo.genvisa.com>, for best results you should access this application from a mobile device with a high-quality front facing camera. **IF YOU FIND THIS WIDGET USEFUL TO MAKE PHOTOS IN THE COMFORT OF YOUR HOME, PLEASE INCLUDE \$7 PER IMAGE IN THE TOTAL AMOUNT PAYABLE TO GENVISA.**

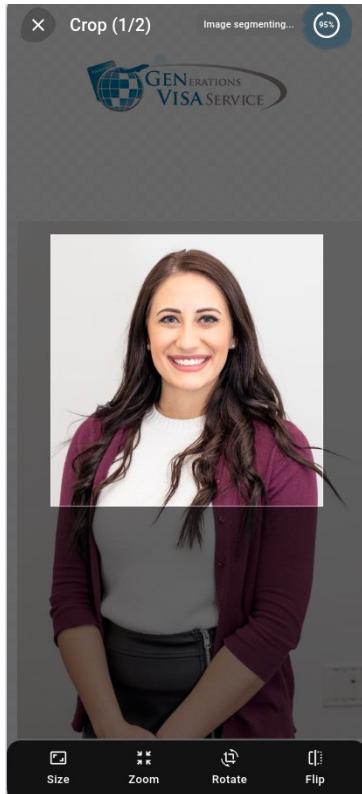

The first step is to upload a photo of yourself by clicking on the icon shown in the graphic below:

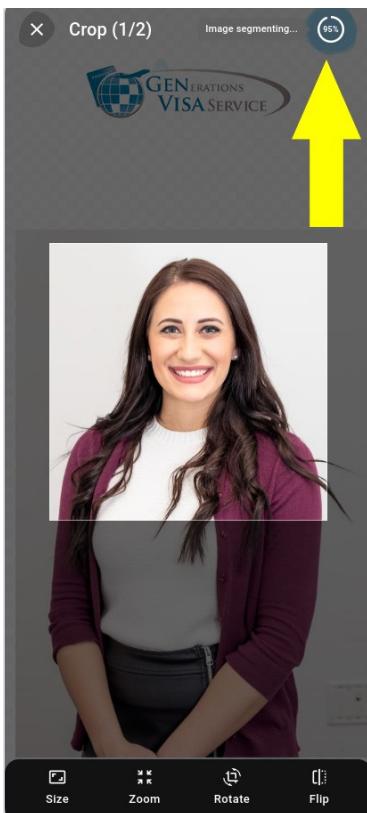

You can also take a photo of yourself if you don't already have one by clicking on the icon of the camera:

Once you have the photo loaded in the application you will need to center your face inside of the outlined guide area:

Wait until the photo has finished processing, this will automatically remove the background and check for things such as glasses which should not be worn in the photo:

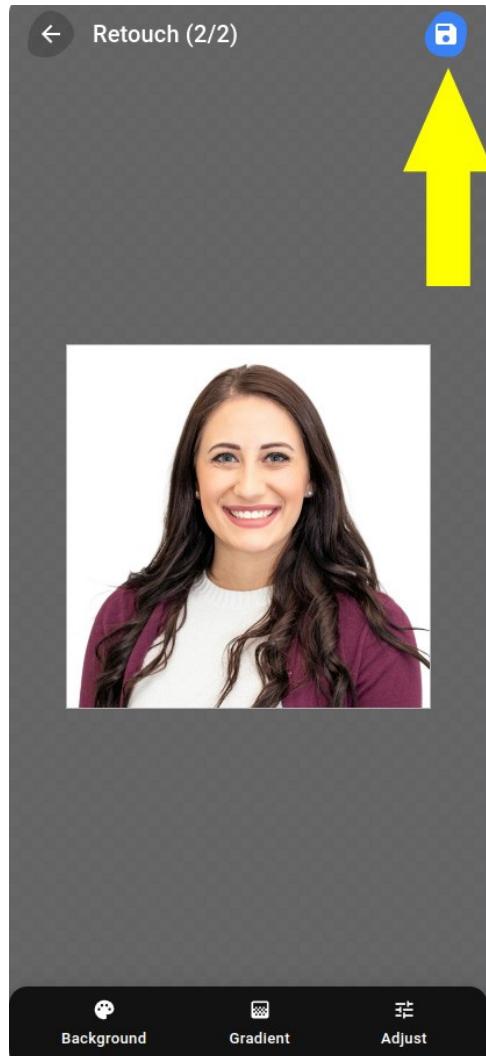

When the photo is done processing you will see a blue check mark in the upper right hand corner of the screen, you will need to click or tap this icon to continue to the next step:

The next step has controls that will allow you to adjust the brightness and other aspects of the photo:

Once you have finished the final retouching of the photo, you can click on the blue icon with the floppy disk in the upper right hand corner of the screen to download your photo:

Scanning your passport or other documents

If you need to scan your passport or other documents we recommend using a scanner app, such as CamScanner. You can install this app from your Android or iOS phone using the following links:
